

Automotive and Collision Summer Camp for Students

SUMMER CAMP

Oakland Schools will be partnering with post-secondary institutions to provide unique “hands on” Transportation camps. Students will attend two of the three weeks on the technical campus and the third week on the college partners’ campus. Students will experience the seamless transition between high school and college, boosting confidence and readiness for post-secondary learning.

AUTOMOTIVE topics presented:

Explore engine performance and repair, automatic and manual transmission, suspension, steering, brakes and more on the OSTC campus and the post-secondary institution.

COLLISION topics presented:

Explore basic painting and custom finishes, as well as body work fundamentals, and collision related mechanical and electrical repair on the OSTC campus and the post-secondary institution.

Cost

\$50 for any student attending an Oakland Schools Technical Campus (OSTC) or enrolled to attend next fall; \$125 for all other county high school students.

Transportation

Participants are responsible for arranging transportation to OSTC; transportation from OSTC to post-secondary institutions will be provided by Oakland Schools.

CAMP SESSIONS TO CHOOSE FROM

Automotive Technology

Northeast Campus (Pontiac):
