The Program

FOUR WEEKS: JUNE 22–JULY 17

Pre-College is an immersion experience. Classes are held Monday through Friday, 9 a.m.–4 p.m., on CCA's Oakland campus, with a one-hour lunch break at noon. In addition to scheduled class time, students develop and complete assignments outside of class. Some after-class studio time is required. Optional evening activities include art and design workshops, life-drawing sessions, and social events. The last day concludes with a campuswide exhibition and reception.

Each course is designed to challenge students at all levels of artistic experience. Participants may choose to try something new or explore in greater depth a discipline in which they are already interested. Pre-College faculty are dedicated and highly accomplished artists, architects, designers, and writers who are interested in sharing their professional insights and experiences. The majority of them also teach in CCA's four-year degree programs.

Who Should Apply

CCA's Pre-College Program is an ideal environment for highly motivated high school students who want to develop their art, design, or creative writing skills. Eligible applicants will have just completed their sophomore, junior, or senior year by June 2015.

For students who will have just completed their freshman year of high school, CCA offers a three-week Summer Atelier Program. Visit cca.edu/atelier for more info.

The Campus

Pre-College students find CCA's beautiful, historic Oakland campus an inspiring environment for their summer art experience. The campus stretches over four acres of landscaped grounds and is surrounded by a charming residential neighborhood. College Avenue, a two-mile stretch of cafés, independent bookstores, boutiques, and restaurants, runs between CCA and the University of California at Berkeley. It is within walking distance of the Bay Area Rapid Transit (BART) Rockridge station, from which it is approximately 20 minutes by train to downtown San Francisco.

Residential Life

Living in campus housing can be a great learning experience and a lot of fun. All of CCA's residence halls (one of which received an award for its design from the American Institute of Architects, San Francisco) are safe, secure, comfortable communities that support and complement the Pre-College Program.
